

# Family Orientation

**Please note, in light of COVID-19, 2021 New Student & Family Orientation will be a remote virtual experience, full details will be available within the coming weeks. Registration is open, please see below for next steps.**

## Family Orientation

The first engagement opportunity for Carolina family members is to attend Family Orientation, which is held concurrently alongside New Student Orientation. During Family Orientation, participants will hear from numerous university administrators, faculty members, and current students about how to partner with the University to support your students success and learning.

We welcome and strongly encourage family members and guests to attend Family Orientation and learn about how to get involved at Carolina as a family member.

Attending Family Orientation provides family members the opportunity to...

- learn how to support your student to be successful at Carolina.
- gain insight about campus resources and services.
- discover how to become involved as a Carolina family member.
- meet faculty, administrators, staff, and other Carolina families.
