MISSION

The Office of Fraternity & Sorority Life enhances the academic experience, holistic development and civic contribution of students by providing effective services and developmental opportunities that enrich the Carolina experience. OFSL advocates for the fundamental movement by educating, advising and empowering fraternities and sororities and their members to live according to their organizational values and contribute to the University and greater community. OFSL provides resources and coordinates services to assist students living on and off-campus. We promote authentic relationships between students and their neighbors by encouraging them to be active and responsible members of the communities in which they live.

VISION

The Office of Fraternity & Sorority Life will help students achieve excellence through both interfraternal on and off-campus living experiences.
